

My ASU brings it all home.

To view and access your classes, simply log into My ASU at my.asu.edu and look under the My Classes section in the upper left of the screen. Your classes are listed here. Clicking on the name of a course will take you to that course's Blackboard page.

Clicking on the name of the professor listed to the right of each course will take you to that professor's ASU Directory profile page. Use the ASU Directory (asu.edu/directory) to find contact information for your professors and peers.

Click the calendar icon next to your professors' names for important information on drop and withdrawal deadlines.

You can also click the View My Schedule link directly below your list of courses to see a schedule of your current classes.
